

Noble Squires Monthly Meeting  
June 9, 2008

Minutes read out loud and changes were received

Treasures' report

Cheering uniforms...The JR High and PW Head coaches are planning on going to the Berwick Rec Field to count the uniforms and warm ups to see what we have. Requested permission to purchase three tubs (at 9.95 each) to sort and help preserve the uniforms for the next few years. Motioned by Darlene Nadeau (all in favor)

Was mentioned by George Tasker the football should also purchase tubs for their new/old equipment... Coach Lassard mentioned that we should look into purchasing shoulder pad racks and helmet racks....George said they are about \$2000...Jeff Adams will look into it

Jeff Adams said all equipment and uniform needs has been ordered for the upcoming year  
The new sled order will go out tomorrow and will be delivered to his house.

Uniforms will arrive in the next two weeks

Concession needs volunteers to help fix...if you know of anyone that knows how to use a hammer...

Carrie Flag is interested in becoming part of the board as Secretary... she has been interviewed by the board... Cathy Brown Motioned to make Carrie our Secretary/ Darlene Nadeau 2nd/ All in favor).....WELCOME CARRIE!!!!

Price for alternative cheering uniforms \$10.95 for polo shirts and \$14.95 for skorts... was hoping to be able to switch for a lesser price uniform in order to accept all of the PW girls that try out.....will keep the roster as is this year but would like to look into this for next year

Cathy Brown mentioned that one more coach for the PW squad would be helpful...Jeff has already receive another app for cheering and will pass it on to the coaches

Marissa Tasker (Treasure) wanted to mentioned that the bus prices for this year has gone up from 14 a hr to \$20 plus 4.50 a mile. With the price increase we really need to figure out our need. Coach Lassard talked about how we are the only team to have buses, it shows team spirit and the team needs to focus on the way to the away games .He also mentioned that we look more like a team showing up all at once and not staggering in. He was fine for not using the buses for Somerswroth or Marshwood and even Kenebnk but feels we need them for the longer rides. This year is our "local" schedule and we should only need a bus for two/three games (not including championship). Coach Lassard also mentioned that the money from the championship game will pay for the buses. Marissa mentioned that we can probably fund the buses this year but next year being our "long distance" schedule we will seriously have to look into not having them anymore, especially since we need two each time. If we found a bus driver to donate his/her time then that will help tremendously. Marissa will look into the numbers again to give the members a solid idea of how much the buses will cost.

Jamboree...lots of things to do to prepare...need to set up a meeting for this

NO JULY MEETING (as in the past)

Next Meeting is AUGUST 11, 2008... at the rec field as this is the first day of JR high Running Camp...
